

SPONSORSHIP DOCUMENT

Indian Society For Technical Education

ISTE was founded in the year 1967 with a mission to advance for the cause of education in general and all its function which pertain to engineering & allied branches of engineering and technology, architecture and town planning, pharmacy, management, process of teaching and learning and research particularly.

The main goal is to serve as a common agency for stimulating and guiding its members to formulate the general goals and responsibilities of technical education for the service of mankind and the advancement of general welfare.

ISTE has a good reputation in the field of technical education and it strives hard in order to cultivate a fraternal spirit among teachers, administrators, technicians, investigators, practitioners and industrialists. ISTE cooperates with Central and State Governments industry and approved institutions, professional bodies, All India Council for Technical Education (AICTE), Ministry of Human Resource Development (MHRD), Department of Science and Technology (DST) and individuals in the cause of technical education and research.

BVP ISTE

BVP ISTE is the student chapter of the Indian Society for Technical Education which was established in Bharati Vidyapeeth's College of Engineering to promote technical education in a more hands-on approach. BVP ISTE has constantly strived to achieve its goal of focusing more on practical knowledge. We have tried to achieve this through various sessions, workshops and competitions in the field of hardware, and software. As of 2018, the society has more than 500 registered members in the college.

Our ideology and enthusiasm for technology is summed up in our motto :

Innovation & Technology

Since its inception in April, 2011, the society has been very active in working towards its goal of promotion of technical knowledge. BVP ISTE conducted its first technical fest christened *Evoluzione '12* and thereafter every year this festival has been organised in a magnanimous scale with footfall of over 1500 students from all over the country and this year in 2016 BVP ISTE continues the legacy with *Evoluzione 2018*.

PREVIOUS EVENTS

(ACADEMIC SESSION 2017-2018)

The Indian Society for Technical Education's student chapter in Bharati Vidyapeeth's College of Engineering, BVP ISTE, has continually strived to impart technical knowledge to students and incline their interests towards science and technology by organizing the most creative and fun events through which not only do the students learn about software and electronics but also grow and develop as a person.

BVP ISTE AT BVEST'17

Codetrek

What the fake talk

Robartics

CODETREK

The second event for the day was CODETREK which was organised by SOFTECH SIG. Unlike the conventional coding competitions , it had a different aura of uniqueness. It was based on code optimization . The participants had to code and the one who did it accurately in minimum time won. The name Codetrek played a huge role in attracting a lot of coding freaks . The event was well managed and was a successful one.

ROBARTICS

ROBARTICS by ELECTRONICA SIG. The participants had to make their robots do calligraphy. The young enthusiasts had a platform to showcase their command over robotics as they learned to make their robot write beautifully. It was not just about how attractive it looked, they had to do it quickly! They were judged on the basis of accuracy and speed. The event caught the attention of a lot of robot lovers. It was conducted and managed successfully .

WHAT THE FAKE TALK

WHAT THE FAKE TALK conducted by the SAHITYE SIG was a literary event in which the participants were given hypothetical situations and they had to prove their case using fake stories and explanations. The panel of judges judged them on the basis of eloquence, confidence, content and expression. They were even asked questions based on their presentation. The persons with the most convincing "fake arguments" won. The event was a success & garnered a lot of attention.

WORKSHOPS ORGANIZED

INTRODUCTION TO ARDUINO

The basics of Arduino workshop was a boilerplate event for enthusiasts and beginners looking for an introduction to the world of automation and smart design. Arduino was the star of the show. The introductory session acted as a launchpad for budding engineers.

ETHICAL HACKING

One of the hottest topics of our times, Ethical hacking was the theme of this session. Core concepts and basics of hacking and ethical practices were discussed. The session gave a chance for the students to look at the world of hacking in a different light and learn the principles' of cyber security.

ROBOTICS WORKSHOP

Robotics Workshop was a complete guide for robotics development and construction. Both hardware and software aspects of the construction of robotics were discussed. An overwhelming response from ISTE members ensured a successful and an enthusiastic session for all members.

SESSION ON INTERPERSONAL SKILLS

A session on interpersonal skills was organized by the Sahitye SIG that worked towards inculcating positive and professional interpersonal that would benefit the attendees in not just their professional careers but also help in an overall development. The session was a successful one and acted as a platform for orators .

SESSION ON CAREER WRITING

BY ANUPAMA GARG

Anupama Garg, a self-published author of 3 books, talked about her journey as a writer and how she managed to write and make a career out of it to help inspire budding authors in the making and enthusiasts about writing,

INTRODUCTION TO LINUX

A brief overview of the Linux architecture was provided. Syntax, use and additional features of Linux commands were explained. Shell scripting and an introduction to Linux kernel was discussed. Linux is one of the key software used by developers worldwide. It enables professionals to work on development unlike any other platform. The session empowered new users to learn the tool.

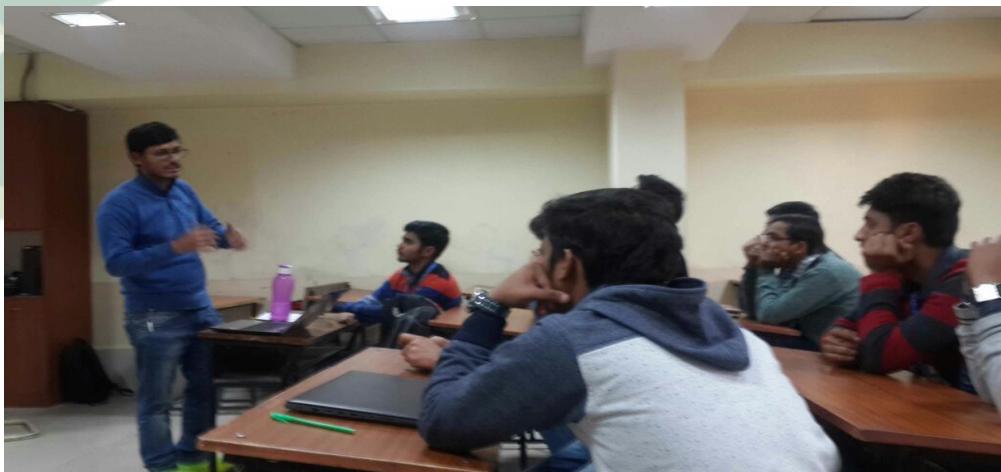

INTRODUCTION TO NETWORKING

A brief overview of networking principles and an in-depth working of computer networks was discussed in this session. The session allowed for young members to discuss and learn how networks function and how they are structured for use. The session was a grand success as an overwhelming response from the BVP ISTE members ensured a constructive and fruitful discussion on the subject.

INTRODUCTION TO MACHINE LEARNING

The workshop covered the introduction to machine learning and its types. Difference between supervised and unsupervised learning. It also covered the first algorithm of ML that is linear regression. The workshop covered the key field of machine learning that is fast changing our world.

EVOLUZIONE

BVP ISTE organised the extravaganza, Evoluzione, in the month of March. It was an amalgamation of events that truly showcased the technical muscle of the organisers and participants alike. The flagship event, Homi Bhabha National innovation challenge gave the best innovative minds a platform to showcase their projects and ideas.

Other events included Deciphering minds, Code Rush and LFR bots. BVP ISTE also pioneered the very first Virtual Reality event on campus as part of Evoluzione bringing in the famed Oculus Rift hardware for the students of BVP to experience the magic of VR.

EVOLUZIONE 2017

The crown jewel of BVP ISTE, the culmination of a year of hard work and the epitome of creative and technical forces that drive BVP ISTE come together to bring to life EVOLUZIONE, the annual technical fest of BVP ISTE. The fest is annually organized as an annual celebration of the best of BVP ISTE.

HBNIC

Dr. Homi Bhabha National Innovation Challenge

BVPISTE's flagship event, Dr Homi Bhabha National Innovation Challenge 2017 was held at Evoluzione wherein students showcased their innovative talents at the project exhibition and competed with other great minds and creators from all over the country.

CODE RUSH

BVP ISTE presented Code Rush with Coding Ninjas streamlined on their splendid tool, CodeZen, wherein the computer enthusiasts were tested on their smartness and efficiency with the racing clock. This was handled by the Softech SIG. The event was a success. The participants battled it out for supremacy.

DECIPHERING MINDS

This event was for all the mind readers who were excellent in understanding their teammates clues without even saying. This was handled by the Sahitye SIG. The event tested participants' ability to tune up with their team mates and their interpersonal skills and abilities of expression and understanding.

ROBOPUSH

This event was for all the robot fanatics out there. In collaboration with RoboHut, the SIG of BVP ISTE, Electronika presented this mind boggling event where the players had to use Differential drive robots to push some cubes in the puzzle to form a definite pattern.

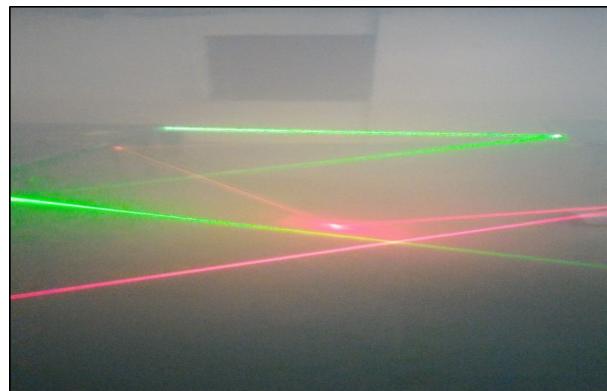

Dr. Homi Bhabha National Innovation Challenge:

The Dr.Homi Bhabha National Innovation Challenge was the headliner event of Evoluzione 2016. BVP ISTE invited students from all over the country and provided a platform for showcasing their extra-curricular projects. The event attracted the brightest minds of the country with a chance to display their skills in software, hardware or research.

ROBOTHON

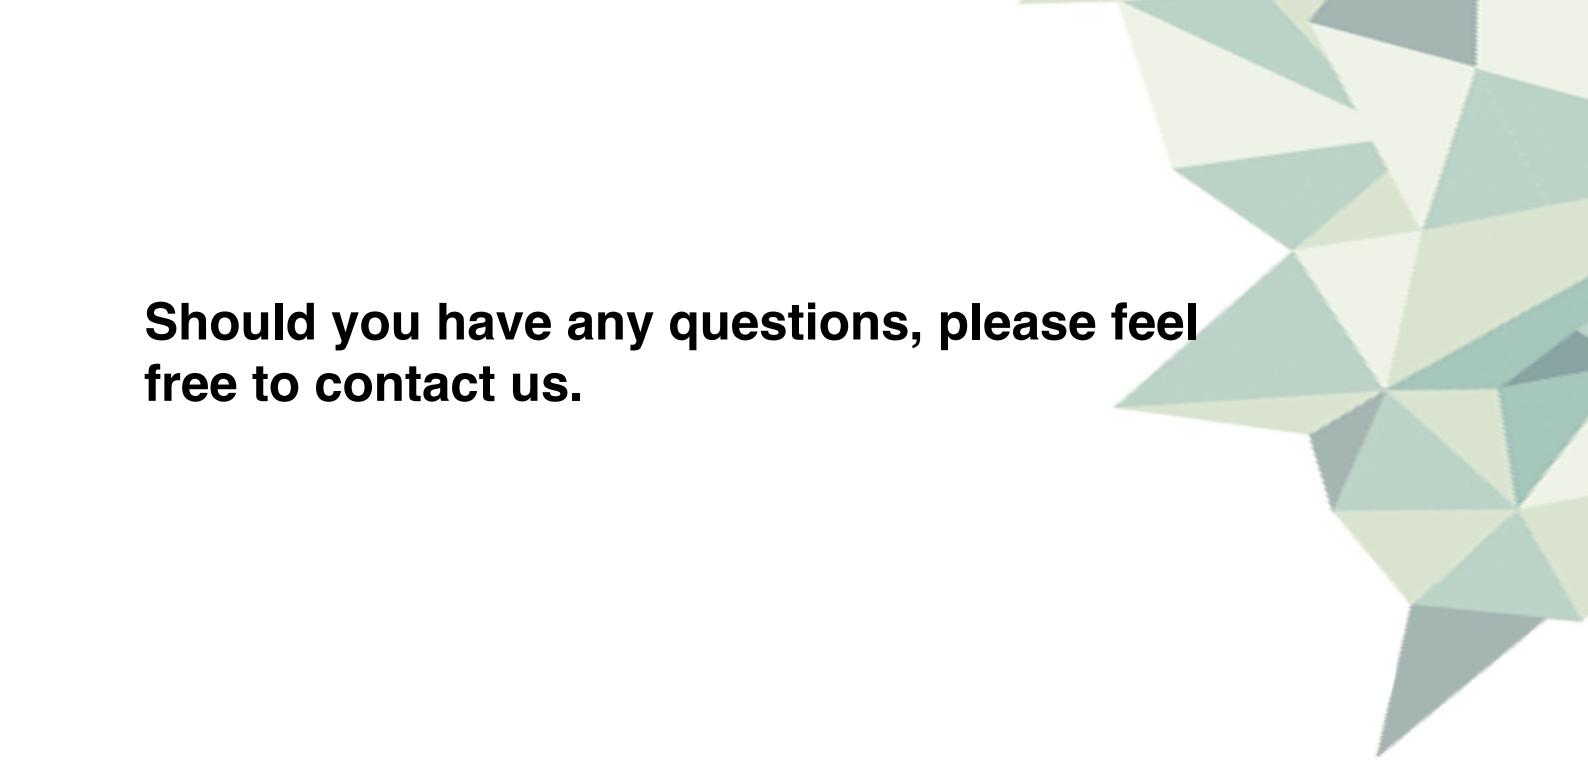

AGENTS OF LASER

BVPISTE conducted second edition of one of their most successful robotics event, ROBOTHON on 16th October, 2015 at BVEST 2015. It was a crowd puller and saw huge participation. The winners were awarded exciting cash prizes. All the participants enjoyed a lot and the event was a major success garnering much praise.

BVPISTE conducted its second edition of an exciting laser maze event consisting of lasers, mirrors, haze, effects, and unique theming, The Agents of Laser in BVEST 2015. Participants had to tackle or dodge a web of laser beams carefully just like in those spy movie you like to complete the MISSION.

SPONSORSHIP PROSPECTS

(Rs. 5000/-)

Benefits:

- Brand Association as Title Sponsors.
- Visibility on all Publicity Material such as Banners, Posters, Flyers, Pamphlets and Flexes.
- Online Publicity
- Promotion Drive
- Visibility of Brand Logo on all backdrops
- Placing banners or giving out flyers in our events.
- Advertise the brand in Twitter, Facebook and other social net-works and our Blog.
- Conduct session in our college, conduct scholorship tests, setup booth to interact.
